President's Report – Katie Sullivan

- December Meeting location: Selena's Monday December 8 at 1:00
- The discussion began regarding the rule about outside play and expanded to include the rule of playing interrupted matches within 6 days.
- The motion was made to amend the following rule: (Motion made by Becca Hatch-Purnell and seconded by Carley Rutkowske)
 - Original rule: **VI. Match Play - L. Postponement and/or snow/inclement weather.**
 1. In case of postponement during match play due to weather or having to yield the court, the previous score and occupancy of the court will hold. If a court, on site, is immediately available, then the match must be played to completion or be forfeited. Otherwise, rescheduling will be allowed, and the match must be completed within six (6) days or be forfeited. Changing surfaces or going outside does not warrant an acceptable reason not to continue play unless the players and captains determine the weather is too severe. A 10-minute warm-up is allowed when the match resumes unless there is a court available immediately, in which case no warm-up is allowed. (EXCEPTION: with a change of surface, i.e. outdoor from indoor, a 10-minute warm-up is allowed.) Every effort should be made to complete the match on match day. If the match resumes on another day or at another site, then the four players should share the court costs involved.
 - Edited rule: **VI. Match Play - L. Postponement and/or snow/inclement weather.**
