 - i. Before the first match after the player is rostered, or
 - ii. If the player initially rostered on the team without the permission or invitation of the captain, or
 - iii. With the written agreement of the player. The requirement for written agreement may be waived by the board if the captain can demonstrate that the player could not be reached after reasonable effort to do so (e.g., the player has moved out of the area).
 2. After the rosters close as set out in A.1., new players may be added to the rosters of teams which are not full under limited circumstances. Players and captains must strictly adhere to this procedure to add players once rosters are closed.

V. MATCH PLAY

A. Rules Governing Match Play

1. RCRL Rules govern play. In cases not specifically covered by these rules, USTA Rules govern play. Also, Rules of Tennis and Cases and Decisions and The Code as a handbook of ethics and fair play should be understood and followed by every RCRL player. One copy of The Code and Rules of Tennis and Cases and Decisions should be available for consultation along with the league rules at all dual meets.
2. Electronic devices (cell phones, PDAs, pagers) are not allowed to be used on the court during matches except to determine official court time. The first time there is an electronic interference, the opponent will get the point. If there is second interference, the opponent takes the game being played. A third interference gives the opponent the match. Any surrounding courts affected by the electronic device may call a "let". Players may not make or receive phone calls or text messages and may not check voicemail messages or email from the beginning of warmup through the completion of the match, including during breaks of any kind, except with the agreement of all players on the court.
3. RCRL encourages courtesy and cooperation between captains, and recognizes that there are occasions that captains (or acting captains) agree to go forward with a match under circumstances in which, without that agreement, there would be a violation of these rules (for instance, accommodating a player running slightly late due to an unusual traffic situation, allowing the opposing captain to correct an unintended error in a lineup after the lineup is exchanged but before play has begun). In those cases,

neither captain can later complain or file a grievance over the accommodation. Matches played in good faith will stand.

B. Dual Meet

Each Division will hold a dual meet as indicated on its schedule. Each team will play every other team at least once in each rotation. (Additional matches may be played depending on the league size).

C. Matches

Definitions:

1. "Match Tiebreak" is defined as first team to win 10 points by a margin of at least 2 points.
2. "Set Tiebreak" is defined as first team to win 7 points by a margin of at least 2 points.

1. All matches will be the best two out of three sets. The 7-Point Set Tiebreak will be in effect any time that the score reaches "6-6" in any set. Each division may decide under what circumstances a 10-point match tiebreak will be played in lieu of a third set. At the Captain's meeting, each division shall choose one of the following options, which decision shall remain in effect for the entire league year. The options are:

- a) 10-point tiebreak in all cases,
- b) 10-point tiebreak if there are 20 minutes or less of court time available,
- c) 10-point tiebreak if there are 30 minutes or less of court time available.

Tiebreaks played in good faith shall stand and an objection to the form of tiebreak cannot be a basis for a grievance.

2. The HOME Team must provide an unopened can of first quality yellow championship balls for each court played. Oversized and titanium balls are discouraged but not prohibited if all four players are in agreement.

3. Outdoor play is discouraged but not prohibited if mutually agreeable to both captains.

4. For all Divisions except Open A, A-1, Masters II and C-2, a total of 20 match points will be awarded as follows:

- a. Court 1 – the winning team receives 6 points
- b. Court 2 – the winning team receives 5 points
- c. Court 3 – the winning team receives 4 points
- d. Court 4 – the winning team receives 3 points
- c. Bonus Points –Total the number of **games** won by each team. If a team wins by 10 or more games, that team receives 2 bonus points. If the difference in games won is 9 or less, each team receives 1 bonus point.

5. **THIRD SET SCORING:** If a third set is decided by a Match Tiebreak, the set score shall be recorded 1-0. If a third set is played out to "6-6" and then decided by the Set Tiebreak, the set score shall be recorded "7-6".

6. **FORFEIT:** A forfeited court will result in match points for that court (See E-Forfeitures below).

7. **EXCEPTION:** Open A, A1, and C2 Divisions award 1 point per court for a total of 4 or 3 points per match. No bonus points are awarded. For Masters II only, 2 points will be awarded for each court won, plus the bonus points described above will be awarded, for a total of 10 points per match. For C2 only, points will be awarded for matches completed after the first rotation. The first rotation will be designated a "preseason".

8. If neither team can field a court, the points for that court are lost to each team.
9. C2 Division will play three courts for each match.

D. Exchange of Lineups for Dual Meets

1. The Team Captains will present, in writing, names and court assignments of her team before each match. Numbers 1-2-3-4 will play numbers 1-2-3-4, respectively.
2. Teams should determine their lineups based on the relative strength of the players in order to ensure fair and competitive play for all.
3. In addition, Open A, A1, and Masters II Division teams must determine lineups according to the specific rules in Appendix B for those divisions.
4. Lineups must be exchanged promptly at the scheduled match time. The match is deemed to have begun at the time of exchange of lineups. Failure to exchange lineups at match time will result in forfeiture. In the event of illness, injury or no-show of a player prior to the start of an individual match (once the lineup has been exchanged), a team may substitute a player in the affected position within the **10 minute** default time, using a player not already listed on the lineup. If no such substitution can be made, the affected position will be forfeited. Open A, A1, and Masters II strength rosters remain in effect. (Once on the court, the substitute cannot put another player in her place.)
5. If it is found within 48 hours of the conclusion of the match that a player played a court out of her proper position (not on the court to which she was assigned on the official score sheet or in violation of the strength roster rules) that team will automatically be penalized by defaulting that court and whatever other courts that may have been affected. If the captains of both teams agree on the violation and the penalty, they shall report this to the division director for information, and to the Data Administrator to correct the score. If the captains do not agree on the facts or the penalty, the matter must be handled under the Grievance Procedure set out in Section VII. Player position errors not brought up within 48 hours are waived.

E. Forfeitures

1. Prior Knowledge. The forfeiting captain is responsible for canceling any court(s). If there is not sufficient time to cancel a court without a payment penalty, the forfeiting team will be responsible for all court costs. Court position 4 will automatically be forfeited followed by Courts 3, 2 and 1 in that order.
2. Match Time. If a pair or a member of a pair arrives on court more than 10 minutes late, her team captain shall graciously forfeit that court immediately, and that team will be responsible for the entire court fee for all four players (if no tennis is played). The official clock for match play shall be a cell phone on the affected court.
3. Court Costs-Match Time. Any forfeiting team shall be responsible for the fee for the entire court for all 4 players. However, if the players choose to use the court and play a non-counting match, all four players shall share the fee. The forfeiting team is responsible for payment of court fees if the cancellation notice is less than 7 hours (as deemed by the Club Liaison).
4. Injury. If a player is injured during match play and cannot continue play after a five (5) minute injury time-out, her court must default.
5. Scoring Forfeitures (All Divisions Except Open A).
 - a. Forfeits before matches begin will be recorded as a win for the affected court, with the court value plus game count of 6-0, 6-0 awarded to the non-forfeiting team.
 - b. Injury / Emergency / Retirement - The actual score of the completed games shall be awarded to each team, and the non-forfeiting team shall be awarded the court value (See Note below).

Example: Team A forfeits in the second set at 3-3 to Team B after winning the first set (on court 3) : The score is recorded as 4-6, 3-3, the match status is recorded as retired, and Team B is awarded 4 points. Team A is credited with 9 games and Team B is credited with 7.

6. Any team forfeiting 25% of its courts during the league year is ineligible to be declared the league winner and will not be allowed to play as a team or to form a new team during the following league year.

F. Warm-Up Time

Warm-ups shall be completed by ten (10) minutes after the scheduled start time for the match. No additional warm-up time will be allowed after this time expires. All warm-up serves shall be completed before the first serve of the match. A player shall not practice return of serves on her opponent's warm-up serves.

G. Continuous Play/Breaks

1. When changing ends, a maximum of one minute thirty seconds shall elapse from the moment the ball goes out of play at the end of the game to the time the ball is struck for the first point of the next game. During play, the time, which shall elapse from the moment the ball goes out of play at the end of the point to the time the ball is struck, shall not exceed 25 seconds.

2. A two (2) minute break is allowed between sets or before a match tiebreak.

3. Once play begins, it shall be continuous, and players may leave the court only for the reasons and time limits listed below. In case of disagreement, every attempt should be made to resolve the issue with the players on their court.

a. Bona fide bathroom breaks should be taken at changeovers or set breaks. They are limited to five (5) minutes, which may be combined with the changeover time for a total of 6-1/2 minutes or the set break, for a total of 7 minutes. If a player violates the bathroom break time limit, the offending team will receive a one-point penalty for any lateness up to three minutes over the specified time. If a player returns to court 3 to 5 minutes after the allowed time, the penalty will be the loss of one game. If a player returns to court 5 minutes after the specified time, she and her partner will forfeit the match.

b. Equipment malfunction (including shoes, contact lenses): Limited to five (5) minutes.

c. Medical timeout (for instance, gastrointestinal problems, blood sugar testing): Limited to five (5) minutes, and only one medical timeout for the same medical problem in a match. A medical timeout can be used as a bathroom break but cannot be combined with a bathroom break for a longer time limit. A medical timeout can be combined with the changeover time for a total of 6-1/2 minutes or the set break, for a total of 7 minutes.

d. Injury timeout – limited to five (5) minutes.

H. Postponement and/or snow/inclement weather.

1. In case of postponement during match play due to weather or having to yield the court, the previous score and occupancy of the court will hold. If a court, on site, is available within 30 minutes, then the match must be played or be forfeited. If teams have to wait more than 30 minutes for a court, then rescheduling will be allowed, the match must be completed within six (6) days or be forfeited. Changing surfaces or going outside does not warrant an acceptable reason not to continue play unless the players and captains determine the weather is too severe. A 10-minute warm-up is allowed when the match resumes unless there is a court available immediately, in which case no warm-up is allowed.

(EXCEPTION: with a change of surface, i.e. outdoor from indoor, a 10-minute warm-up is allowed). Every effort should be made to complete the match on match day. If the match resumes on another day, then the four players should share the court costs involved.

2. Snow/inclement weather. At the beginning of the league year, the Board will announce a deadline for completion of any matches that must be rescheduled for any reason, including weather. Match play will be postponed if the Jefferson County Public Schools are canceled or delayed unless both teams agree to play. The host team must notify the club. If this occurs, then it is the Captains' responsibility within fourteen (14) days to reschedule the match which must be played prior to the announced deadline. The Captains must notify the Division Director of a rescheduling. If the teams fail to agree within 14 days on a new date, the division director may refer the matter to the Grievance Committee to set the date and/or determine an appropriate penalty.
3. If all four (4) courts cannot be re-scheduled for the same start time, then the entire lineup must be exchanged before the beginning of the first match start time. If a player in such a split match lineup becomes unavailable to play when scheduled, the team may substitute a player who was not already listed in the full lineup, but may not switch the player with another listed in a different court position.
4. In case of severe weather, it is up to the discretion of the captains of the dual meet to determine match play. If either team cannot field four (4) courts, match play shall be rescheduled in accordance with the rules above.

Gamesmanship or intentional distractions that interfere with an opponent's concentration or effort to play the ball are prohibited.

a. individual ratings of players,

b. individual records of players in RCRL, including division level and court placement,

c. prior team records,

d. individual records in other leagues and,

e. division sizes and court availability.

C. Number of Teams

The RCRL board reserves the right to take appropriate action if the number of teams within a division exceeds the number of available playing weeks.

APPENDIX A PLAYER RATINGS

Beginning with the 2011-2012 season, RCRL will utilize the Top Dog dynamic rating program as the primary determinant for player placement in the league and for court placement in those divisions utilizing strength rosters. Dynamic rating" means the computer generated rating appearing in the Top Dog tracking system under the individual player's results, as expressed to three decimal points, without rounding.

1. Rating Determination. At the time of rostering on a team, a rating will be entered for each player, which will be determined as follows:

- a. For any player who has a history of at least 5 matches reported in Top Dog (since the inception of Top Dog's tracking of RCRL), the rating will be her current Top Dog dynamic rating at the time she rosters. That is, her dynamic rating at the end of a season will become the rating at which she rosters at the beginning of the next season.
- b. For those players who do not have that 5 match experience in Top Dog, her rating will be her current USTA rating.
- c. Any player who has neither the Top Dog rating based on at least 5 matches or a current USTA rating must be verified by an independent tennis professional (that is, not the pro who coaches her team or who regularly gives her lessons). RCRL will designate which pros will participate in the verification program. Players with prior RCRL or USTA experience must provide their records to the pros at verification.
- d. All players who play in the C2 division must obtain a pro verification for the following league year, notwithstanding the number of matches they may have played. RCRL will arrange verification clinics for C2 players separate from those for the rest of the league.

A player who has not played an RCRL match within the last three seasons may choose to have a pro verification of her rating which will supersede the dynamic rating already in the system.

2. Player Placement. Player placement shall be as follows:

A player whose rating equals or exceeds **2.6** shall roster at the **C1** level or higher.

A player whose rating equals or exceeds **3.1** shall roster at the **B3** level or higher.

A player whose rating equals or exceeds **3.3** shall roster at the **B2** level or higher.

A player whose rating equals or exceeds **3.6** shall roster at the **B1** level or higher.

A player whose rating equals or exceeds **3.9** shall roster at the **A3** level or higher.

A player whose rating equals or exceeds **4.2** shall roster at the **A2** level or higher.

A player whose rating equals or exceeds **4.4** shall roster at the **A1** level or higher.

A player whose rating equals or exceeds **4.5** shall roster at the **Open A** division.

A player whose rating equals or exceeds 3.9 may not roster at **Masters II**. No player in the A division may roster at Masters II.

The Board may vary these division cutoffs from year to year, based on experience under the rating system and the needs of the league.

3. Captains' Responsibility. Captains have the primary responsibility to assure that their players are rostered at the proper rating and in a division in which they are eligible to play.

4. Ratings Changes During the League Year.

a. No player is required or permitted to change divisions during the league year based on movement in the dynamic ratings.

b. "Posted ratings" for strength roster divisions: For purposes of court placement and strength roster considerations (see Appendix B), each player in those divisions which have such a system will have a "posted rating" which will be available on the RCRL website. That posted rating will be the rating at the time she rosters, unadjusted by dynamic changes through the last match of the calendar year. After the last match of the calendar year, the "posted ratings" will be adjusted to reflect each player's current dynamic rating, and that will be the "posted rating" used beginning in the first match after January 1 through the end of the league year.

APPENDIX B

SPECIAL RULES FOR PARTICULAR DIVISIONS

Open A and A1: Players whose posted rating equals or exceeds 5.0 may only play on Courts 1 and 2 in Open A. To determine court placement in either division, add the partner's posted ratings together. Courts will then be placed in numerical order with the partners with the highest total on first court, second highest on second court, and so on for third and fourth courts. Should there be partnerships whose point totals are equal, the courts must be played with the highest individual numbered player on first court, the second highest on second court, etc. Posted ratings will be updated after the last match of the calendar year for the second half of the season. Court value is 1 point per court, with no bonus points. Divisions with a strength roster may elect to use a rounded Dynamic Rating for the purposes of strength roster only.

Masters I and Masters II: Players may not play in both Masters Divisions.

Masters I: Anyone rostered on an Open A team who plans to play in the Masters Division, may only play on court 1. Any inactive Open A player who last competed on an Open A RCRL team or a 4.5 USTA team, must play on Courts 1 or 2 (for the first 2 years of Masters play). All active A1 players must play courts 1 and 2.

Masters II: Players may not roster for Masters II if at the time of rostering their rating would require them to play in the A division. Further, current A division players may not roster in Masters II. Players whose posted rating equals or exceeds 3.3 may only play on Courts 1 or 2. Posted ratings will be updated after the last match of the calendar year for the second half of the season. Court value is 2 points per court, with 2 bonus points available.

C2:

1. C2 teams will be formed by a qualified professional at each club. A team may form with a minimum of 8 players. There is no roster limit. Letters of intent are due by June 15.
2. Qualified beginner players may roster at any time during the RCRL year.
3. The first rotation of the Division will be designated a "preseason" where no points are awarded for courts won.
4. C2 teams will play three courts for each match. Courts are worth one (1) point each.
5. There will be no requirement for winning teams to move up regardless of the win percentage achieved by said team.
6. Matches will be played on Thursdays.
7. Club professionals will act as team captains or may designate a player on the team as captain.
8. Although there will be no requirement for players to move up after a certain time period, club professionals are strongly encouraged to move players to the appropriate division when the player's skill level sufficiently to warrant such movement.
9. Players on the winning C2 team will be recognized by the RCRL Board.
10. The Immediate Past President/Treasurer or her designee will act as Division Director for C2 until such time as another director can be identified.
