

Roster Additions

After the rosters close, new players may be added to the rosters of teams which are not full under limited circumstances. Players and captains must strictly adhere to this procedure to add players once rosters are closed.

1. The captain must submit this completed Roster Addition form, which must include the player's rating or pro verification, to the division director. The form must be accompanied by a check for the roster fee for \$18.00 all levels and \$10.00 for Mid-Masters.
2. The division director will submit the proposed roster addition to the Board for approval. If the information is complete and demonstrates that the player is eligible to roster on that team and the team has an opening for her, the addition will be approved. On approval, the player will be added to the roster by the data administrator. The player will be eligible to play one week following the Board approval.
3. The Board will consider roster additions only at the following meetings: October, November, December, January, February and March. Meetings are held on the 2nd Monday of each month. Applications received less than 24 hours before the board meeting will be held for consideration at the next appropriate board meeting.
